C

Recently, we took our car in to "Body Builders Paint & Body Shop" for some repairs.

Besides the excellent & timely repair job they did, the whole experience was very positive.

The owner Mr. Dave Byler arranged to have us driven home & then picked up when our car was ready. To our amazement they had cleaned our car both inside & out!

We would like to recommend this shop to everyone. When my husband commented on it to Mr. Byler, he pointed to his employees & said to give the credit to them.

Everyone we came in contact with was helpful, courteous & even held the door open for us!

Thank you to all!

Elaine & George Lockman

Dear Mr Byler,

Enclosed is a copy of a letter I sent to "Letters to the Editor" at the Democrat.

They did not publish it, but thought you might want a copy.

Sincerely,

Edine Lockman
